## Brand Protection

### “No Counterfeit Parts”

Aisin has been actively involved in preventing the manufacturing and sale of counterfeit products. In addition to our own efforts, AISIN is also participating with the “NO Counterfeit Parts” movement in conjunction with the Japan Auto Parts Industries Association (JAPIA).

Our goal is to eliminate counterfeit parts through individual and organized group efforts. If you have any information on the sale or production of counterfeit items, please contact your local representatives immediately or you may send us information directly using the Counterfeit Report Form.

### “Don’t Produce! Don’t Sell! Don’t Buy!”

Japan Auto Parts Industries Association (JAPIA) is providing a series of posters as part of the “No Counterfeit Parts” movement. To provide international awareness of illegal activities, posters are available in several key languages: English, French, Spanish, Chinese, and Arabic. Please contact your local sales representatives to receive posters and additional information. You may also apply directly using the Request Form.
